

Greg Who?

Greg Froh is a Victoria, BC Web developer and problem-solver, with a focus on usability, content management, information architecture, and SOAP Web services.

He is also:

- waiting eagerly for The Fall to go on tour;
- a family man, wannabe handyman, Jackie Chan;
- a policy analyst with an expanding Canadian think tank;
- a hip hop aficionado;
- a polyglot, spelling and grammar freak, marketer;
- a part-time tinkerer, FreeBSD fan;
- a private dancer, a dancer for money;
- a reader, writer, guilty watcher of Cops.

Shameless plugs

On this site:

Random Bushism - words of wisdom from Dubya.

Whois proxy - query multiple TLDs from a single interface.
