

Fun Stuff

On this site, be sure to generate yourself a [random bushism](#) (isn't that redundant?). Wash your hands afterwards.

Another personal project involving syntax, semantics, and (occasionally) cheese products can be found at the [random google image search](#).

An idea that's still evolving - check out the [Canadian Office for Applied Research Studies](#).

Sites that I didn't build, but are good nonetheless:

- [Penny Arcade](#)
- [Memepool](#)
- [The Onion](#)
- [Space Moose](#)
- [Red Meat](#)
- [Vice Magazine](#)
